- Plus / Ativa w/ 970 base
- Mini / Mini+ w/ 940, 941, 970, 971 base
- Plus/Ativa w/ 971 base

Range expectations in feet in a typical environment. Specified as an unobstructed line-of-sight diameter around the base station. A room's geometry, radio propagation characteristics, and proximity to RF interferers can influence the actual range experienced.
